Vedas are the very foundation of Righteousness

Hey vedas! we have surrendered unconditionally.

Vedas must be studied everyday.

All those ways of righteous living told in

Upanishads be in me.

Lead me from untruth to truth

Lead me from darkness to light.

Lead me from death to immortality.

Let us attain the immortal jyothi.

Dharma protects those who protect dharma.

May all see what is auspicious.

May all be happy.

May no one suffer.

WHY VEDA SAMRAKSHANA A SUPREME DHARMA ?

Vedas are believed to be the Divine mantras from the Cosmic Space recognised by Ancient Rishis after intense tapas and sadhana. No authorship has been ascribed to these ancient Scriptures. That is why vedas are called ‘ *apaurusheya* ‘ .Vedas are also called *ærutī* (“what is heard”). Sage Vyasa has classified the whole Vedas into

four groups known as Rig, Yajur, Sama and Atharva. Vedas are an encyclopedia of *sadupadeshas* of how a man should

lead his life in dharmic way. It is already proven beyond doubt that Veda Mantras confer peace, prosperity and general well being of the whole world. It is our abundant duty to nourish and cherish the Vedas, which are the roots of our Culture and Sanatana Dharma for future generations.

A gurukulam is a type of education system in ancient india with shishya ('students' or 'disciples') living near or with the guru , in the same house. In the *guru-shishya parampara* the students learn from the guru and help the guru in his everyday life, including carrying out of daily household activities. These activities are very essential part of the education to inculcate self-discipline among students. Typically, a guru does not receive or accept any fees from the shishya. Gurukulams are supported by public donations.

With this noble cause in mind, “**Sri Bharathi Veda Vidya Gurukulam**” has been operating since 5 years in a rented premises at 2/36, Shanthi Nagar, Third Street, Adambakkam, Chennai - 600 088, Mobile : +91-9445113583 (Veda Brahmasri G. Gajanan Ganapathigal)

OUR APPEAL

1. The main source of funds to maintain and run the Patasala solely relies on donations from well-wishers, and philanthropists. The Corpus Fund built over the years, is inadequate to meet the expenses now with the increasing strength of Patasala. Furthermore the interest rates offered by the banks are also very minimal.
2. Recurring expenses like maintenance expenses of the Patasala for Boarding, Clothings & Accommodation and other Medical needs are to be met regularly.
3. In addition to the above, capital commitments like purchase of plot and construction of building is in-process in order to facilitate increase in strength of students.
4. Furthermore many plans are in the pipeline to cope up with the daily needs and for betterment of students. Paucity of funds are biggest impediment in execution of those plans.
5. We earnestly appeal to all our Well – Wishers and General Public to come forward and help us by contributing their best

to sustain the growth of the Patasala for promoting and propagating our Vedic Dharma to future generation and preserve our Vedic Tradition & Culture. By sharing our concern you are greatly helping us to preserve the Spiritual and Cultural Legacy of Bharata Varsha.

Respected Asthikas of NANGANALLUR,

As you are all aware NANGANALLUR is fountainhead of Hindu Religion more particularly from Brahmin Community assorted from all Districts of Tamilnadu. Hence we can achieve many things positive in this soil of Temple Town Of Chennai next to Kancheepuram. There are 13 temples on the one side alone across 1st Main Road along the Northern side whereas there are yet another 10 temples towards southern side of 1st Main Road Of NANGANALLUR House Building Society Colony. While elders are well settled at NANGANALLUR itself their sons, daughters, Grand Children are settled overseas all over the world.

To spread the Sanathana Dharma and to maintain our Hindu culture with our traditions and culture, it was felt the necessity of establishing a traditional Patashala with full fledged infrastructure facilities at NANGANALLUR itself to equate with the development of all temples in our colony.

When this was expressed to various Mattathipathis/ Peetathipathis in Karnataka and Tamilnadu, They gave Their blessings and suggested to establish a full fledged Patashala in Nanganallur itself giving the shape of NATIONAL INTEGRATION and select students from all over India across length and breadth of BHARATH DESAM. To give a shape THERE ARE 28 STATES AND 9 UNION TERRITORIES

ACROSS INDIA AFTER REMOVAL OF ARTICLE 370 ON 5TH AUGUST, 2019. OUT OF THESE 28 STATES AND 9 UNION TERRITORIES WE COULD IDENTIFY 66 STUDENTS.

FOLLOWING IS THE PATTERN OF ENROLMENT :

	Vidhyarthis (Students)
1) Andhra Pradesh	4
2) Bihar	2
3) Chhattisgarh	2
4) Goa	2
5) Gujarat	4
6) Haryana	2
7) Himachal Pradesh	2
8) Jammu & Kashmir	4
9) Jharkhand	2
10) Karnataka	4
11) Kerala	4
12) Madhya Pradesh	4
13) Orissa	2
14) Puducherry	2
15) Punjab	4
16) Rajasthan	2
17) Tamilnadu	4
18) Telangana	4
19) UttarPradesh	4
20) Uttarakhand	4
21) West Bengal	4
Total:	66 Vidhyarthis (Students)

To accommodate these 66 Students we need a space of at-least 2 Grounds of a PLOT (4800 sq.ft.) where a Patashala

– cum – residence can be built with all basic amenities. Hence we are searching for a good location of PLOT of 2 Grounds within Nanganallur. If any philanthropic minded person who possess the plot with or without Building on it can contact us. A reputed Builder has offered their services to construct the building “ON NO PROFIT BASIS – JUST TO THE COST PRICE”.

Once a decent Patashala is made available ready, the maintenance cost of Rs.6000/= per student per month is estimated in all respect and hence for 66 students it comes to Rs.3,96,000/= per month and for one full year it comes to Rs.47,52,000/=. It will be on an ONGOING BASIS EVERY YEAR.

To buy a plot of 2 grounds and then construct a spacious building for the purpose of a Patashala at least Rs.6.00 crores will have to be mobilised. This will be a unique Patashala in its design & facilities.

If all goes well as per our plan, by June, 2021 we can arrange for its inauguration and commence the academic year immediately thereafter. The entrants will be in the age group of 9 to 13 and not beyond. When a student successfully completes 12 years of studies of Vedham he would have turned 21 or 22 or 23 or 25 and he becomes an independent Vedic Scholar and he can go back to his native Home State and render his services to the Society. The first batch will be out of Patashala in the year 2033.

Normally students never pursues after 6 or 8 years and the drop out percentage is more even before that. They learn prayogam after 6 or 8 years and opt for Vaidheeham profession to earn money. In this Patashala it is envisaged to arrest the trend of DROP OUTS and instead complete entire 12 years so that they can start their own Patashala in their native State.

Only by this way Vedic knowledge will spread widely.
Now that our next generation children have gone abroad, if need be to protect our custom and culture of our religion we can provide an opportunity for these learned students to go abroad for their livelihood. Now Tirumala Tirupathi Devasthanam Patashala only arranges to send priests to the Temples and Vedic Scholars for Vaidheeham profession. Hence job opportunities are provided for them too, there will be no Drop Outs.

Though our Vedham prescribes a Brahmin should not cross the seas, in the present scenario of situation only Brahmin boys and girls go abroad for higher studies who automatically get absorbed in a job there itself. Hardly 2% of them return back to India. Hence it has become inevitable for us to provide sufficient Vadhyars too to be present in overseas countries. Keeping all the above in mind, we have decided to enrol 70 to 100 students (Vidhyarthi) drawing from all over states in India, every year, (year on year) on an on-going basis so that Brahmin Culture is protected to the extent possible.

We are forming a Trust for the purpose and a Bank account will be opened and will also obtain 80-G for Tax exemption to the Donors. All these tasks are under process in a systematic way. We may also need selfless, dedicated office bearers to run the Trust professionally without any corruption practices, with no seepage of Income, and to maintain the records transparently and to look after the entire administration as Part-time Volunteers, though paid employees will be there to run day today's task. Interested people may please contact us personally to shortlist the panel.

Great Regards,
Yours Cordially,
